**Subject:** Request for Changes to Approved Pipeline Funding

Hi, Russ:

We currently have an approved RI/FS oversight pipeline funding need for Anaconda Aluminum Columbia Falls of \$250K for the third quarter 2017. I would like to reduce that to \$100K (the CDM Smith work assignment will be thus partially funded at \$350K of \$474,147 approved). The requested increases and decreases including the change to Anaconda Aluminum are detailed below:

Decrease Anaconda Aluminum RI/FS Oversight (BD 01 C001) Q3 Approved Need from \$250,000 to \$100,000  
Decrease Upper Tenmile Technical Assistance (TA 04 C004) Q3 Approved Need from \$50,000 to \$22,000  
**Total Approved Needs Decrease = \$178,000**

Increase Carpenter Snow Creek Technical Assistance (TA 00 C004) Q2 Approved Need from \$0 to \$20,000  
Increase Mouat Industries Technical Assistance (TA 00 C002) Q2 Approved Need from \$0 to \$10,000  
Increase Barker Hughesville Technical Assistance (TA 00 C006) Q2 Approved Need from \$0 to \$30,000  
Increase Flat Creek IMM RI/FS (CO 02 C002) Q2 Approved Need from \$0 to \$118,000  
**Total Approved Needs Increase = \$178,000**

If approved, please adjust any alternate needs accordingly for the actions above.

Thank you,

Joe

**Subject:** RE: EPW05049, CDM WA# 359, Columbia Falls Aluminum Plant

That Should be fine Joe,

I'll work with CDM to make sure they keep my in the loop on funding needs as we get through the season.

Mike

Hi, Mike:

It's my fault that Danette has not yet done the purchase requisition. I asked her not to until I had the chance to talk to you about the funding. Since you will be obligating the remainder of the \$250,000 from last year as well as additional funding, I wanted to check with you to see how much you really think CDM Smith needs at this time for the oversight work. My preference would be not to fully fund the work assignment at this time, and only put in an additional \$100K. That would give you \$300K to \$350K – depending how much of the initial \$50K they have already spent on the work plan – to get you through this field season and well into next year. I would rather not obligate more than CDM Smith will be able to use before the end of their contract to avoid losing potential deobligations to Headquarters.

Please let me know if you think you will need more than the additional \$100K for the next several months.

Thank you,

Joe

Hi Richard,

Sorry, I can't do the PR just yet. I will process as soon as I can.

Hi Danette,

The above contract already has \$ 250K on it for this project and we have been given the go ahead to fully fund the Work Plan amount of \$ 474,147. Please create a PR for the balance of the Work Plan which should be \$ 474,147 – 250,000 = \$ 224,147. Let me know if you have any questions. Thx.
